

October 9, 2009

Jeff installed such an outstanding system for us; guests often ask us where we got such a wonderful large screen TV system when they come to see KU games on HD!

When Jeff says he is strongly committed to effective troubleshooting and has client-centered customer service, we can heartily confirm his claim. He always explains very thoroughly how to use the equipment and has promptly come by our house to advise us and fix any problem whenever we have phoned because we have somehow messed up!
